- Picks up slices and hooks – helping you eliminate them.
- Simulates mid and short games, right down to the final putt.
- No special equipment required; use your own clubs and balls.
- Industry-Leading Ball-Flight Tracking Accuracy
- Choice of photo-realistic or 3D-Rendered championship golf courses
- Complete practice range
- Multi-media home theater combo
- Multi-sport capability
- Most competitive pricing among high-end golf simulators
- Custom installations available (residential or commercial)

*Minimum Golf Room Dimensions 14 ft Deep 10 ft Wide 9 ft High.
For the optimum Golf sim experience, a room at least 18' Deep x 12' Wide x 10' high is ideal.

Available Add-ons

- Video Swing Analysis – compare yourself to the pros.
- Tilting Tee Golf Mat – simulates uphill, downhill, and sidehill lies while you play.
- Multi-Surface Golf Mat – simulates fairway, rough, and sand surfaces
- Golf Report Card – track your swing over time with this invaluable shot-tracking function.

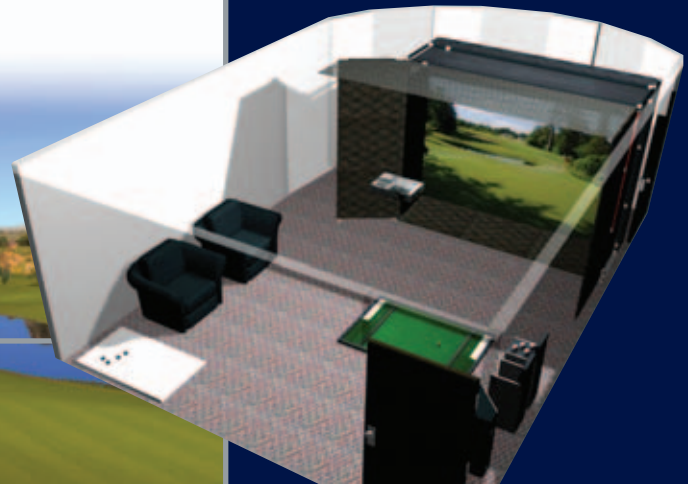

Flexible technology allows for the Visual Sports Simulator to be built into any existing room – regardless of shape or size. Let our network of Custom Design specialists create the ultimate room for you. When you're done playing - turn that simulator into a Home Theater for movies and entertainment.

Play, practice and train in the comforts of your own home. Visual Sports offers the most dynamic and complete golf training and practice system on the market with more than 100 courses from around the world including Pebble Beach, St. Andrews, and more !!

We use the most advanced software development tools to recreate golf courses to exact detail. Stunning graphics, 3-D rendering and course re-creation bring golf courses to life. Choose from either Photo-Real Golf or Computer-Generated Golf – or, choose both! With Visual Sports, there are no limits to golf!

Family Enjoyment

Imagine the thrill your kids will get pitching that 3-2 fastball to Barry Bonds. Or squaring off on the ice mano-a-mano with the great hockey goalie Eddie Belfour. Or your daughter wearing out her soccer ball for hours on end. Visual Sports is the only professional grade sports training simulator that accurately and vividly trains fundamentals in five great team sports, as well as golf!

“Anyone who said spring training isn’t necessary never tried to throw a baseball.”

--Sandy Koufax

Get the kids off the couch with these thrilling sims:

Baseball

Take to the mound and pitch fastballs against intimidating virtual batters in a real-life game situation. Watch your speed improve as you gradually build strength and hone your delivery.

Football

Drop back in the pocket and complete passing drills with all-star receivers. Test your arm against moving distance targets. Or perfect your kicking by driving the ball through the virtual uprights.

Soccer

Dribble, shoot and score on world-class goalkeepers from a variety of distances and angles. Great for kids of all ages!

Basketball

Practice your jump-shot in a virtual street-ball environment with the clock ticking and the backboard moving.

Hockey

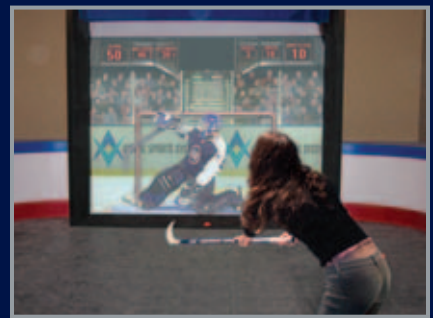

Test your slap shot against the NHL’s leading goalies in a real-time, life-sized shoot-out. You can also practice hitting spot targets in an all-star skillz challenge.

All-in-one Home Entertainment Center

Visual Sports doesn’t stop with sports. When it’s time to wind down, your Visual Sports system’s high-definition projector system forms the backbone of the ultimate home theater projection room!

Pitch against lifesize batters into a lifesize strikezone and be part of the action! Strike 'em out with your hardest pitch and see how fast you can really pitch a baseball!

Shoot to Score on the award-winning Visual Hockey. Shoot against a lifesize goalie and lifesize net in a real-time action experience. Visual Hockey measures accuracy, speed, and your reaction time – all in one shot! Play like the pros!

Bend it like Beckham with Visual Soccer! Take penalty kicks, free kicks and test your luck against the world’s finest goalies. It won’t be long before you’re bending it like Beckham!

About Visual Sports Systems

Visual Sports Systems (VSS) is a hi-tech company focused on the emerging market of computer-based, real-experience sports simulation.

Our mission is simple: Provide the world with superior sports simulation experiences. We do this by combining the most accurate technology available with the best game and graphics software available.

As a result, VSS has developed interactive entertainment systems that are so much fun, the casual user will want to experience them again and again.

Using the same technology but with greater accuracy and more difficult challenges, VSS offers training systems and analysis tools that so greatly accelerate the skill development process, the serious athlete will not be able to train without them.
